BAY ST. LOUIS TO BACK LIGHTED XMAS TREES ON OLD SPANISH TRAIL

Bay-Waveland Garden Club Appoints Committee to Co-Operate With Project—Not to Participate in New Orleans Fiesta Week—Club Wisely Adopts Plan to Intensify "Clean-Up Week."

On last Thursday afternoon, the sun parlor of Hotel Reed was the setting for the November meeting of the Bay-Waveland Garden Club when a large number of members and several guests were present for the meeting.

Mrs. George R. Rea, president, presided with Mesdames Leo W. Seal and Dennis Burge, treasurer and secretary respectively also in their places.

On tables set about in the sun-parlor, a lovely display of wild flowers and weeds was on hand and in several large vases and bowls, quantities of roses were also placed about on the mantle and on tables. The arrangements were extremely artistic and was the work of Mrs. Alice Buckley, whose ability in this direction is so well known.

The club's attention was called to a letter received from the New Orleans Fiesta Committee inquiring as to whether the Bay-Waveland Garden Club would this year participate in or stage its pageant. After discussion on the subject and upon the suggestion of Mrs. Roland J. Weston, it was decided not to plan for or participate in pageantry or fiesta work the coming spring but to devote all efforts of the club on gardening and to sponsor a clean-up campaign in Bay St. Louis and endeavor to have its citizens become garden-minded. In this district, it was decided that a week would be designated during next spring as "Garden Week."

Discussions were also made on Bay St. Louis's participation in the lighting of local trees along the Spanish Trail and on the beach and throughout the city to conform with the live Christmas Tree Trail which will prevail from Mobile to New Orleans and Mrs. Rea appointed the following committee in charge of this activity: Mesdames Leo W. Seal, James A. Evans and Alice C. Buckley.

Mrs. Alice C. Buckley was speaker for the day and had an excellent paper prepared on "The History of Wild Flowers from Prehistory to the Present" which she illustrated with pictures of different flowers and weeds from the beautiful water colors drawn by Miss Lucy Richardson.

After the meeting, refreshments were served to members by the hostesses, Mesdames H. C. Glover, Francis J. Bopp and Edouard C. Carrere.

The Mothers' Club has contracted Lloyd Alexander's Band which played for the Junior-Senior Prom last May and which everyone enjoyed so. Miss New Orleans Junior is vocalist for this band and will be heard in several numbers.

Lakeshore Basketball Team Victorious Over Logtown Five.

In a one-sided basketball game played at Logtown Friday afternoon November 15, the Lakeshore girls defeated the girls of Logtown school. The boys' game proved to be the more interesting from the standpoint of the spectators. Everyone watching the game was kept guessing as each quarter ended in a tie. It was necessary to play an extra period to decide who was the winner. During this extra play, the boys from Lakeshore managed to take out a victory. The game ended 7-4.

Reynolds, Supreme Health Supervisor, from Port Huron, Michigan, who will be at Reed Hotel on Friday, November 22 from ten A. M. until five P. M. when members will receive a free medical examination.

MISSISSIPPI ROAD PATROL TO USE AUTOS IN FUTURE IS STATED

Highway Department Says Motorcycles to Be Abandoned—Operate at Less Cost.

Advice from Jackson is to the effect that Colonel Tom P. Brady, commissioner of the state highway patrol, said Thursday that the patrol was virtually abandoning motorcycles for automobiles.

Colonel Brady said the patrol now has 35 automobiles doing patrol duty, and that only four motorcycles remain for use.

The commissioner said a test showed that an automobile could be operated at less expense than two motorcycles in pairs. He said it was necessary to operate the motorcycles in pairs. Hereafter, he said, two men would do patrol duty in a single automobile.

At the same time Colonel Brady said the patrol's experience was that riding in an automobile was less hazardous than the operation of a motorcycle.

STATE SEVERANCE TAX YIELDS HEAVILY OVER SHORT PERIOD

Tax Law Enacted by Late Legislature Yields Handsomely to Coeffers.

Mississippi's new severance Tax Law passed at the regular 1940 Legislative Session has been in operation four months. While it is always more or less difficult to put in operation any new form of tax law, we are well pleased with the progress to date, states Mr. Bruce Van Zandt, director of the Severance Tax Division of the State Tax Commission.

The success of any new tax law always depends on the cooperation of the people who are directly affected by it. With this in mind, in setting up the machinery necessary to the administration of the law, we not only call on the lumber people for their assistance, but beg for their cooperation, both of which they have given freely, declared Mr. Van Zandt.

Mr. Van Zandt further says that to date 568 permits to forest producers and processors have been issued. That of this number 38 are out of state concerns who are drawing on Mississippi's forest for their raw materials. That so far, \$27,596.08 in taxes have been collected and returned to the state and county treasuries.

Visitor Ships His Catch of Fish Back to "The Boss" in Illinois.

So elated was E. F. Curda, who resides at Lyons, Ill., with his catch of speckled trout in Jordan river, Saturday and Sunday, and believing that seeing is believing he expressed them, packed in ample supply of ice, his "catch" back to the home town.

Mr. Curda, who is vice president of the Lewis Tar Products Co., at Riverside Station, Ill., shipped the fish to Mr. W. H. Lewis, president of the company, telling of his success.

Mr. Curda was with Mr. Robt. L. Genin, Dec Elliott and Albert Hitt and the party did hook some beauties during the trip. This, is to Mr. Curda's mind, no doubt, is the best advertisement for this section. He promised to return to New Orleans and will certainly make an excursion trip out to the Bay St. Louis fishing grounds.

So enthusiastic was he in his "hooking 'em alive," that he hooked a large pig swimming across the bayou and declared, "What a catch!" Piggie, however, was released and allowed to go his way. He was not shipped to the boss back in Illinois.

Young Carver was conveyed to the King's Daughters Hospital for emergency treatment and where it was found his condition was not serious and he was permitted to return to his home.

FLEA-FLY CLASSIC DECEMBER 1

Classic Event Should Prove Of Great Interest To Townspeople.

The 16th annual Flea and Fly contest will take place in the Stanislaus stadium on Sunday, December 1st. This game has always been of great interest to the smaller students of the college, as it offers those athletically inclined to play under big game conditions. The crowds, the band, a chance to star—these are the chances the tilt offers for the up-and-coming Rockchaws.

It is noteworthy that many of the famous men who starred on the Stanislaus Varsity and later in college were once Flea and Fly players. This year's team is "Coach" Harry "Wo" Glover, of St. Aloysius, "Coach" Marchie Schwartz, of Rose Bowl Bound Stanford, and "Coach" Johnny "Baby Grand" Seaside of Poplarville College.

Contrary to the custom in the past the teams this year will be composed of boys under 100 pounds. Brother Leonard, in charge of all activities, has made this rule in order to give all the little fellows a chance to show their wares.

Those who showed up for the initial call for the coming contest were the following: Of Bay St. Louis, Wally Bontemps, John Bonck, Randolph Bourgeois, Louis Stachle, Anthony Pittalo, Francis Poolson, E. J. Marango, Raymond Carrio, C. J. Piazza, Dick Curran, Dupre Lapoint, Lionel Carver, Jeff Favre, Bernard Farr, Jimmie Straughn, Wallace Burns, Bobby Scafide, John Greco.

S. J. A. Girls Scout Troop Enjoy Outing On Emilio Cue Farm

Thirty-two members of the Girls Scout troop from St. Joseph Academy, accompanied by Sisters Mary Adele and Mary Albina recently enjoyed a hike and entire day spent on the farm of Mr. Emilio Cue on Jordan river.

In the afternoon, Mrs. Cue and her daughter served the young people coffee and boating and games were enjoyed.

Transportation for the troop to go to the Cue farm was provided by Mrs. Leo Ford and Mrs. A. G. Favre and Mrs. Sam Piazza who also accompanied the girls on the hike. The troop and the Sisters of St. Joseph are indeed grateful to those ladies for the valuable assistance they are rendering the Girl Scouts.

LOCAL ACADEMY PRESENTS PATRIOTIC PAGEANT PROGRAM

Short Skits and Other Numbers Serve As Vehicle to Display Youthful Talent.

On Tuesday night at eight o'clock the Memorial Hall of St. Joseph Academy held a large crowd who witnessed the unusually good program in the form of a patriotic pageant by the students of St. Joseph Academy.

Songs and dances were excellently presented and Miss Josefina Castro, boarding student from Mexico in beautiful costume, received a great deal of applause on her Russian Dance.

Two short skits, "Armistice Day" and "Thursday at Home" were excellent and showed the splendid talents of the girls taking part in these plays.

The tableau of patriotic figures such as soldier in uniform, Red Cross nurses, and girl scouts was well portrayed.

"Patty and Maggie" as a devout couple of yesterday singing "When you and I Were Young Maggie," with Charles Carter and Rita Mae Scafide, were excellent, both children having good voices.

The children in the smaller grades sang several numbers at the beginning of the program.

The one act farce by the seniors and juniors kept the audience laughing over the dilemma of Maybelle Larkins who brought a bevy of saleswomen to her home over an unwelcome statement to the press and the over enthusiastic efforts of the sales people to sell Maybelle's varied articles were hilarious.

Mrs. Marie Weber of Waveland accompanied all numbers at the piano.

The march of the states depicted by girls in beautiful costumes who danced across the stage and in the finale, grouped about all the patriotic figures with Miss Columbia set high above closed the program which was acclaimed by everyone present as one of the best entertainments ever witnessed at the academy.

The program was as follows: "We Hope You've Brought Your Smiles Along".....4th Grade "Clapping Song".....Primary Grades "Armistice Day".....5th & 6th Grades "Has Anyone Here Seen Jack?".....4th Grade Boys "Russian Dance".....Josephine Carter "Patty and Maggie".....Charles Carter And Rita Mae Scafide

METHODIST MINISTER TO LEAVE

Rev. Andrew J. Boyles, After Four Years, Transferred to Magee—Rev. Smith Succeeds.

Following the annual Mississippi M. E. Conference, held at Meridian this year, announcements of appointments and assignments revealed that the Rev. Andrew J. Boyles, pastor of Bay St. Louis Methodist Church, is transferred from this city to a new charge, at Magee, Miss., located on the Gulf and Ship Island Road.

The Rev. Boyles completes his fourth year in Bay St. Louis, the limit of time any pastor remains at one place. And during this time he has not only proven a most valued citizen but a man who has endeared himself to all who know him.

An active member of Bay St. Louis Rotary Club, he was affiliated with every civic movement and gave a helping hand to every project calculated for the betterment of county and city and the people as well. His going away is an occasion for general regret. The city, indeed, loses a fine citizen, a good friend and a splendid worker in the Master's vineyard.

During his administration many improvements were added to the church and its adjacent property. Only last week the work of painting leaders of recreational work, from all of the church property was completed.

Last year the interior of the church building was done over. A man of remarkable activity and doing. Progressive yet passive and his mannerisms won for him admittance within the portals of favor with all whom he knew and met.

He will be succeeded by the Rev. J. W. Smith, located the past year at Centerville, on the Yazoo-Mississippi R. R. whom we are told, will prove a worthy successor to the admirable Rev. Boyles.

MISS C. ROSENSTREAM DIES AT WAVELAND AFTER SHORT ILLNESS

Resided With Brother and Two Sisters—Body Taken To New Orleans.

Miss Carrie Olivia Rosenstream, daughter of the late Peter Rosenstream and Barbara Frank, died after a brief illness at her home in Waveland at eight p. m. on last Friday.

The body was laid out at the Rosenstream home on the Waveland Beach and funeral services were held on Sunday at 12:10 P. M., with religious services by the Rev. W. S. Allen, pastor of the Bay St. Louis Baptist Church. It was later conveyed by automobile hearse to New Orleans with interment in Lafayette Cemetery No. 1 on Washington avenue, with Eashey Funeral Home in charge.

Miss Rosenstream was a native of New Orleans and member of a prominent family who for many years maintained a large summer home here, later residing here permanently for the last twenty years.

Survivors are two sisters, Elida B. and Pearl E. Rosenstream and two brothers, Peter O. Rosenstream of Jackson and John C. Rosenstream who resides here.

On Thursday, November 14, at 8 o'clock the first party was given in the new location of the W. P. A. Community Center housed in the former Boudin building on Third Street near Washington when several hundred persons gathered there to help dedicate the new home of the Recreational Project in Bay St. Louis.

The building contains a large center room which can be used for dancing and games, and several service rooms downstairs and four large rooms upstairs and will be excellent for accommodating classes in sewing, arts and crafts and the many features taught on this project.

An entertaining program was featured with little Jack Arnold impersonating "Uncle Tom" and singing negro songs while his tiny sister, Ruth Arnold, with an excellent voice sang two numbers "Mexicali Rose" and "Playmates." A quartet of little girls dressed in white sport costumes and with high hats which had been made at the center, lanced and sang "My High Silk Hat." In the quartet were Anna Pitalo, Joan Hobbs, Doris Carrio and Helen Planos.

Folk dancing and community singing was enjoyed with nearly everyone present joining in and a grand march led by Mr. Gus Temple and Miss Lois Proff opened the general dancing which was enjoyed until a late hour. Excellent dance music was furnished by the W. P. A. Band of Biloxi.

Assisting Mrs. Margaret Hogan, director of the Recreational Project in Hancock County were her staff of workers, Mesdames Alma Quintini, Amelia Howze, Bernard Firpo, and Charles Schneider and Gertrude Lafontaine, and a number of the leaders of recreational work, from all of the church property was completed.

Also present were Miss Lois Proff, Technical advisor on Elk, Denning, and Miss Sara Reed, district director of recreation, both of Jackson, Mrs. Gertrude Shapp, Mrs. Clifford Turk, Mrs. Minnie Kitchens, Mrs. Elsie McLaughlin and Charles P. Koonce, all of Gulfport, Miss. Nita Kennedy of Picayune, Mrs. Geraldine York of Elgin, Nebraska, and Mr. and Mrs. C. H. Cremerinn of Saulte St. Marie, Michigan.

A number of girls and boys from Bay St. Louis attended the meeting on last Thursday evening of the Coast Union of Sodalties held at St. Joseph School in Pass Christian when an attendance of one hundred was recorded with officers from six Coast Schools, namely St. Joseph School of Pass Christian, St. Frances de Sales School of Gulfport, Sacred Heart School of Biloxi, St. Joseph Academy and St. Stanislaus College of Bay St. Louis and Our Lady of Victory School of Pascagoula.

As agreed upon at last month's meeting, the year's work would be a crusade by the Sodalties against the cult known as "The Witnesses of Jehovah" and reports of activities in this direction were read by chairmen from the different schools and revealed good work being accomplished.

Discussion was held on the plea to secure from Father Felix, Director of "Defenders of the Faith," leaflets for distribution, and also the feasibility of arranging for radio programs prepared by Father Felix for broadcasting over radio stations in this section.

After a spirited meeting in which much was accomplished, the boys and girls discussed plans for a Christmas dance to be held just before the closing of schools for the Xmas holidays and which will be formal. After prayer, the meeting adjourned and refreshments were served by the hostess sodality of St. Joseph School.

The Date: "You had no business to kiss me."

L. Scales: "But it wasn't business. It was pleasure."

The lunch room has been daily feeding between eighty and ninety children who are loud in their praise of the excellent and well balanced hot meal they are daily able to secure at such nominal cost and many of the children have added weight.

Mesdames George Guilbault and Chester Swanner are in charge and daily supervise and assist in serving the many children and are doing excellent work.

SEN. HARRISON FOR PRESIDENT PRO TEMPORE.

ASSOCIATED press dispatches from Washington carry the pleasing news to all admirers of Senator Pat Harrison, and, in fact, to all Mississippians.

The news is to the effect that Senator Harrison is widely and favorably mentioned as possible president pro tempore of the Senate, succeeding the late Senator Pittman, Democrat, of Nevada.

Senators Byrns, Democrat, South Carolina, who had figured in previous speculation over the vacancy, announced that he would not accept it and that he was backing the Senator from Mississippi. Senator Harrison has not revealed whether he would accept the high honor.

The Senator elects its president pro tempore, who presides in the absence of the vice president of the United States, who is frequently absent. Senator Harrison is not only fully capable but fully deserving of any and all honors that may be proffered him. He has dedicated his life to his work, to the people of Mississippi and to the nation as well. Mississippians would be justly proud to have him thus honored.

It will be remembered his name was frequently and prominently honored for the Democratic nomination of vice president, but he would not permit it to go before the convention. He said he could better and more directly serve his people in the present capacity as senator, than that of vice president.

HE TRUSTED HITLER.

THE death of Neville Chamberlain recalls the historic day in September, 1938, when the British Prime Minister returned to London from Munich to tell a wildly cheering crowd that he "brought back a peace with honor."

In his hands he held an Anglo-German declaration, recording the "desire of our two peoples never to go to war with one another again." He believed that he had arranged peace for his generation.

It is probably too early to accurately appraise the record of Mr. Chamberlain. His appeasement of Hitler was dictated by knowledge of British and French unpreparedness for war, or because he believed that Adolph Hitler was sincere and could be relied upon to keep a promise.

Americans should remember that at Berchtesgaden, Hitler had assured Mr. Chamberlain that the Sudetenland was the last of his territorial ambitions in Europe and that he had no wish to include in the Reich the people of other race than Germans.

Faith in Hitler disappeared six months later when the German Armies moved out of the Sudetenland and annexed the remainder of Czechoslovakia. From then on, it was just a question of when the war would begin.

RUMORS AS TO PINE HILLS.

THERE seems to be little or nothing regarding the rumor that the federal government had announced its intention of accepting the offer of owners of Pine Hills property to become its property and to convert it into a hydro-plane training station. Also that Grey Castle had been purchased by the government as a place of abode for the officers. There are other reports currently circulated that private interests are seeking to purchase Pine Hills for a school somewhat similar to that proposed for the government. The rumors are fast, and one hears many things. It might be well to put no faith in any until official information is given. It would be surprising to learn the number of places offered the government. Nearly every section has a desirable site to sell, to be converted into and to be used for defense purposes. This is but natural. As natural as we may expect many rumors, mostly of no import and generally failing to materialize.

However, nothing has been given out officially to the effect the government is not interested in Pine Hills. No one knows and those authorized to speak have nothing to say. We hope the project will materialize. It would prove a great asset to this section of the Gulf Coast.

COUNTIES ARE REQUESTED TO RETURN SCHOOL BOOKS.

SCHOOLS in 17 counties have returned their surplus free text books to the state depository, it was announced last week by C. C. Hudspeth, secretary of the state textbook board, who added that he was asking other schools to do likewise immediately in order that these books may be made available for schools opening this month and later during the semester.

Mr. Hudspeth said that the law provides books for the pupils and not the schools, and consequently, no school should keep any extra books on hand. In case new pupils enroll, he explained, any school can secure additional texts immediately on requisition to the textbook board.

Approximately 2,000,000 free textbooks were ordered for use in Mississippi public schools, he explained, and requisitions from county superintendents were based on anticipated need.

Moving pictures may be bad for youngsters but they do not compare with some of the magazines that the youth are reading.

If the modern Greeks keep up their fighting against the Italians, history will have to tell some of their ancient heroes to move over and make room.

THIS DAY OF THANKSGIVING.

WHILE this newspaper is dated Friday it is printed on Thursday, Thanksgiving Day. It is printed every Thursday afternoon late for Friday morning, its date of publication, and at that time and on that day finds its way into the homes of the many who receive their county paper over the bounds of Hancock, as well as elsewhere.

Thanksgiving thoughts are not amiss. First, we must, above all, be thankful, we are Americans. Millions of other souls living elsewhere would thank God for this privilege.

The world, on the other side, is topsy turvy. The situation is the most complex in its history. With nations warring, fundamentally without cause, there is turmoil. Life holds nothing for these unfortunates. There is no future, for the horizon is clouded and is obscured by elements born of unwarranted and useless war.

We, who are proud to call ourselves Americans, are thankful. Every day is Thanksgiving day for our people, and the hope is expressed we may remain a people to have reason for this gratitude of the fullness life and the absence of strife.

There is understanding in this Nation of ours. Our people are united in peace and the conservation of our privileges and liberties; and in defense against the possible invasion of the enemy that is preparing on a scale of completeness without parallel.

The many things for which we should be thankful this year are innumerable and space in an article of this sort precludes enumeration. However, it is well to be grateful, to remember all that the Stars and Stripes represent and to live such endeavor that will make for a further and better appreciation of the things that are ours.

Well is this a free nation. One has only to contrast the privations of the Old World with the new. Our lives are our own. Our thoughts as well as ours and every ambition, aspiration may bear fruit, if we will it.

God pity the unfortunate who live in the totalitarian countries.

And the thought for this Thanksgiving is to ponder and to think how much we have to be thankful for! And to live accordingly. In appreciation, by living better and truer life.

CHRISTMAS TREE LIGHTING OF THE TRAIL.

BAY-WAVELAND Garden Club is to be commended for the active interest manifested at its meeting last week regarding the lighting of Christmas trees along the entire Spanish Trail, that is, from New Orleans to Mobile. If not that far, at least to the Mississippi line on the east and also to the west.

This is a gigantic matter but may be encouraged and accomplished with little difficulty. The idea is to have as many residents along the route carry the outdoor Christmas tree idea. It is done in communities and may be carried out by dwellers along the road side.

Now that we have rural electricity this attempt would prove practical and the cost negligible.

In addition, the idea of outdoor Christmas trees in the cities and towns along the Coast should be fostered with more intensity than ever. This makes for better living, better thought and creates a spirit that is of lasting value.

We want to make this a memorable Christmas. It can be made so by individual and collective help. There is nothing easier than to recognize the spirit of the season.

More so now than ever Christmas should be recognized and observed from every angle—from its religious aspect to that of mirth. The world is being sorely tried on the other side. We might resolve ourselves to a sense of spirituality like never before.

RESULTS GENERAL ELECTION.

SECRETARY of State Walker Wood has just completed compiling the returns from the General Election held on November 5th. A total of 175,824 votes were polled, being the greatest number ever polled in a General Election in Mississippi. The Democratic electors received a total of 168,267, the regular, or black and tan, Republicans received 2,814, the independent Republicans received 4550 and the Socialists received 193. For U. S. Senator, Theo. G. Bilbo received 143,431 votes; for Congress, 1st District, John B. Rankin received 19,330; 2nd District, Wall Doney 16,939; 3rd District, W. M. Whittington 18,864; 4th District, A. L. Ford 15,329; 5th District, Ross A. Collins 24,079; 6th District, W. M. Colmer 26,879; and 7th District, Dan R. McGehee 29,799.

For Judge of the Supreme Court—1st District, for term beginning January 1, 1941, J. P. Alexander received 46,932 votes and for term beginning January 1, 1942, Judge Sydney Smith received 44,048 votes; 2nd District, Judge Virgil Griffith received 43,309; and 3rd District, Judge J. C. McGowan received 43,223. For Circuit Judge—12th Circuit Court District, Hon. Burkett Collins received 7647 votes.

There were 117,519 votes cast for the Constitutional Amendment to 14,196 against the amendment. For a Constitutional Amendment to be adopted it must receive a majority of all votes cast. 87,913 was a majority so the amendment was adopted with 29,606 votes to spare.

Tate county in North Mississippi was the banner Democratic county in the State. The Democratic electors in Tate county received 1,609 votes, all others 3 votes.

Newsprint, the kind of paper upon which The Echo and other newspapers are printed has advanced to \$50 and \$55 per ton, depending on quality. Wide apprehension exists as to the possibility of an advance of \$10 per ton next year. Constant advance of raw material and cost of production explains why so many newspapers over the country are discontinuing publication. A fact so much as we regret to note it.

The Mississippi State Nurses Association closed its 39th annual convention in Greenwood, Mississippi last week. Mrs. Julia Blue of Meridian, Miss., was elected president for the ensuing year. Other officers chosen included Miss Delores Chemmell, Greenville, 1st vice president; Miss Ruth Steen, Cleveland, secretary and Mrs. Alice Finley, Tupelo, treasurer.

Hollywood Echoes.

HOLLYWOOD'S frantic efforts to woo Latin-Americans, trade trades seem to be having the opposite effect, due, some say, to Hollywood's misunderstanding of the likes and dislikes of the movie-goers below the Rio Grande.

When Charlie Chaplin makes a picture, it's a one-man affair, although he has numerous assistants for every phase of the proceeding. He conveys the idea, does the writing, filming, cutting and final scoring of the picture, besides acting an important role.

When "Little Men," the new, streamlined version of Louisa May Alcott's novel, is filmed, it will feature sixteen of Hollywood's most talented juveniles, with Kay Francis in the only grown-up role in the picture, Jimmy Lydon, Ann Gillis, Richard Nichols and Casey Johnson lead the younger set.

Just a short time ago, Kay Leslie was a telephone operator in the office at Salinas, California. Winning first prize in a local personality contest, she was given a screen test and a long term contract by Universal.

Lawrence Olivier is planning to sail for England to join the Royal Air Force and his bride, Vivien Leigh, wants to go with him. He feels that it is better for her to remain in this country, so the actress will probably go to New York for an appearance on Broadway.

So impressed was Producer Gene Towne with the personality of Bobby Cooper, a newsboy from whom he bought a newspaper, that he cast him in the role of Adolphus. When questioned as to whether he would give up newspaper selling, young Cooper declared, "I should say not. The motion picture business is much to uncertain." How's that?

Hard work has caused Hedy Lamarr to lose eight pounds recently and Ginger Rogers admits that during her work on "Kitty Foyle," she lost six pounds and was on the verge of a collapse.

Among the film stars who are going in for flying in a big way are Margaret Sullivan, Olivia De Havilland, Jimmy Stewart, Joan Fontaine and Brian Aherne. Miss Sullivan already has her solo license while Miss De Havilland is taking lessons from Jimmy Stewart and her sister Joan is a pupil of her husband, Mr. Aherne.

Ten years after serving as an usher in a theater in Cincinnati, Tyrone Power returned to his hometown to be honored by his fellow townspeople. It was the occasion of the premiere of "The Mark of Zorro," in which he is starred.

Because his wife, Diana, likes night clubs, William Powell, who used to avoid the hot spots, is a regular patron of several.

Charles Grapewin, the Grandpa Joad of the screen version of "The Grapes of Wrath," has been selected to play Jeeter Jester in the film production of "Tobacco Road."

Ann Shirley has a new contract which specifically states that she will not have to do any more L. M. Montgomery stories, which haven't proved at all popular with film fans.

Joan Marsh, who has been absent from the screen for about three years, will return in a supporting role in "Road to Zanzibar."

Glenda Farrell, who has been appearing on Broadway in "Separate Rooms" has obtained a leave of absence from the cast to take a featured role in the same picture, "Road to Zanzibar."

Priscilla Lane's contract has been extended and her salary has been raised to \$1,500 a week.

Rita Johnson recently cancelled her contract with MGM, although it still had four years to run. Disagreement over picture assignments was the cause, it is said.

LIBRARY NOTES.

Miss Louise Crawford has returned from Nashville, where she was called two weeks ago by the serious illness of her brother, Mr. Owen Crawford. Mr. Crawford is much improved and Miss Crawford has resumed her work at the library.

National Book Week, November 10-16, was featured in the library. On Thursday afternoon Mrs. C. M. Shipp told stories to the first, second and third grade pupils of the Central School and on Friday afternoon Mrs. Catherine Thomas held a poetry hour for the fourth, fifth and sixth grades. Both afternoons were well attended and the children were modern Oliver Twists crying for more.

The Central P. T. A. featured Book Week in the Fathers' Night program with Mrs. J. Roland Weston as the speaker talking on the value of the library and urging the parents to encourage their children to make use of the privileges offered them through the library. The Rotary Club also featured it in their program and Miss May H. Edwards talked to the club on the value of good reading.

LET'S GET THIS STRAIGHT!

During the past year, a great deal has been printed and said in automobile circles about new kinds of "drives" for the 1941 model cars. As a result, many people have come to Oldsmobile with natural and pertinent questions: "Are the 'drives' that other manufacturers offer similar to Oldsmobile's Hydra-Matic Drive?" "If not, how does Hydra-Matic Drive differ from the others?" In order to clear up any confusion or misunderstanding that may prevail in the public mind, Oldsmobile takes this opportunity to publish the statements of fact at the right!

ONLY ONE KIND OF DRIVE eliminates the clutch! . . . ONLY ONE KIND OF DRIVE eliminates gear-shifting! . . . ONLY ONE KIND OF DRIVE has a completely automatic transmission! . . . ONLY ONE KIND OF DRIVE gives full accelerating power without manual shifting! . . . HYDRA-MATIC DRIVE! built and backed by GENERAL MOTORS Offered in OLDSMOBILE!

WHY OLDS' HYDRA-MATIC DRIVE IS SO DIFFERENT AND IN A CLASS BY ITSELF!

Ordinary "new drives" are based on the principle of fluid coupling. Oldsmobile's exclusive Hydra-Matic Drive is a combination of fluid coupling and completely automatic transmission. It eliminates clutch and clutch pedal. It does away with the gear shifter. It provides a special fourth speed for passing other cars and climbing steep hills. The "no clutch, no shift" Hydra-Matic Drive is optional at extra cost on all Olds models for 1941. Try it...there's nothing else like it in the world!

Waveland Activities

Personal and General News Notes of the Week From Sister City and Vicinity.

Waveland residents in the Coleman avenue sector are actively interested in the putting out of rose bushes and it is surprising how many have already been put out, with many more during December, about the last month rose bushes should be put out.

The postoffice has handled many shipments, these coming principally from Tyler and other nearby points in Texas. This seems to be the rose propagation section of the South. An authority said, it was not that roses did better in that part of Texas than anywhere else, but in practically the same latitude cultivation of rose bushes would do equally as well if the same intelligent and intensified attention were given.

City Secretary Frank Miller, who resides with his mother in that typical lovely Southern home, Jeff Davis avenue, where many plants have found lodgment and do well, is quite an interested rose grower, and he is busy seeing that this culture be spread over Waveland. Beautiful Waveland with roses is a good idea and will yield returns. Waveland is a resort, where thousands visit annually, and why not have it all the year round beauty spot?

Waveland just now is quiet. There is an epidemic of good, sunshine weather, and business, as strange as it seems, is always quiet in good weather. Inclemency of the elements generally stimulates things and a result activity is noted. And prior to the holidays there is always a lull. This is noted in every community.

Warren Johnson, of New Orleans, who recently purchased the splendid beach building lot from George R. Rea, of Bay St. Louis, known in former years as the Del Bondo place and later as the Grunewald summer villa, until it was destroyed by fire, has started work on a dwelling for his own occupancy, which promises to be a most unusual one, yet to be one of space and comfort. It is from the Norwegian idea, it is said. All rooms will face the beach. Then there will be a wonderful patio, where plants of all description and ornamentation will make for a most attractive place.

Concrete will be used largely in the structure and the roof will be of similar material, with a roof garden that will grow things. In other words it will in reality be a roof garden.

the taxable property of and within said Gulf View Consolidated School District of Hancock County, Mississippi, sufficient to pay off and retire the principal and interest on said bonds as they become due.

Section 4. That the bonds herein authorized to be issued shall be validated under the provisions of Chapter 10 of the Mississippi Code of 1930, and to that end the Clerk of this Board is hereby authorized and instructed to make up a transcript of the proceedings had in this behalf and to certify same to the State's Bond Attorney.

Section 5. That when said bonds shall have been prepared and executed as in this resolution directed, they shall be registered by the Clerk of this Board in a book kept in his office for that purpose, as required endorse upon the reverse side of each of said bonds a certificate in substantially the following form:

STATE OF MISSISSIPPI
COUNTY OF HANCOCK
I, A. G. FAVRE, Clerk of the Board of Supervisors within and for the County of Hancock, in the State of Mississippi, do hereby certify that the within bond has been registered in a book kept for that purpose in my office as required by law.

I do further certify that the within bond has been validated and confirmed by the decree of the Chancery Court of Hancock County, Mississippi, rendered on the day of 1940.

Witness my hand and the seal of my office at Bay St. Louis, Mississippi, this day of 1940.

Clerk, Board of Supervisors, Hancock County, Mississippi.

Section 6. That this resolution and order shall be in force and effect from and after its adoption.

Supervisor Wheat seconded the motion to adopt the foregoing resolution and the question put to a roll call vote the result was as follows:

Waveland has no better friend and booster than Charles B. Mollere. A man of broad views and not only this is best attested to by the things This is best attested to by the things he has accomplished. He might be likened to the scriptural quotation of making two blades of grass grow where only one grew before. He has every confidence and great hopes in the immediate future of Waveland. This he proves by his purchase from time to time of choice pieces of land and of building thereon.

From a remote point where scrubby pines seem to revolt against growing, out Coleman avenue, he built a place of business, created the business, therein, and since has not built a remunerative enterprise but he improved the place during the past season to proportions quite notable. Waveland never had a place to eat, a place where ladies and gentlemen could assemble and enjoy the advantages of such place as he has created and what is known as The Chickenburger. He is contemplating at the present time of enlarging the place and adding features for next season that will all be to the good of Waveland and the people who visit there. Nothing like improvements to enhance reality values.

Finances of the municipality of Waveland have been put on a sound footing and now and henceforth the town will operate on a cash basis. Because the town has subscribed so liberally to its pro rata of WPA improvements there has been heavy demands made on its cash.

However, even though the town is thoroughly solvent, the idea was to put it on a cash basis and this week bonds in the amount of \$7,000 were sold. The money realized was banked in the depository this week. The warrants to pay outstanding bills were distributed. The town will have no trouble to redeem the bonds as the income from revenues will amply take care of the obligation. The wideawake officials are to be congratulated for the manner in which they administer to the affairs of the town and latest move in financing. The bonds are for a period of seven years and bear 4 per cent.

Supervisor Murphy voted aye.
Supervisor Wheat voted aye.
Supervisor Shaw voted aye.
Supervisor Nease voted aye.
Supervisor Ortle voted aye.

The motion having received the affirmative vote of all the members of the Board of Supervisors, the Board decided to carry the motion carried and the resolution adopted.

"BRIGHAM YOUNG" CALLED ZANUCK'S GREATEST FILM

Dean Jagger Plays Title Role in New Film—At A. & G. Sunday And Monday.

Twice denied success in Hollywood, handsome, two-fisted Dean Jagger went back a third time, obtained one of Hollywood's most coveted roles and has proved a sensation as the famous Mormon leader in Darryl F. Zanuck's production of "Brigham Young," written for the screen by Louis Bromfield.

The new 20th Century-Fox film, which has Tyrone Power in the starring role and Linda Darnell as the leading featured feminine player, is coming to the A. & G. Theater this Sunday and Monday.

After Production Chief Zanuck had spent three months seeking an actor to portray Brigham Young, a film cutter called his attention to a picture Jagger had made on his first trip to Hollywood. Zanuck had Jagger fly from New York to Hollywood, and after a 30 minute test, signed him.

While on a vaudeville tour in 1928, Jagger went to Los Angeles where film scouts signed him for the movies. He was cast in cowboy roles, which he didn't mind, but when he was made an Egyptian in "Sign of the Cross" he packed up and left for New York. In 1931 he scored a hit in the Theater Guild production, "They Shall Not Die."

"The only memorable thing that happened to me on my second trip to Hollywood was that I was given four days off to fly to Boston to get married," he said recently.

His wife convinced him that the legitimate stage was best for him. He played in success after success, until he was called for the title role in "Brigham Young."

CHRISTMAS TREE FUND DRIVE TO BEGIN DAY AFTER HOMECOMING

Total Returns to Surpass That of Past Years.

For the past two years the students of St. Stanislaus have sponsored a Christmas Tree Fund for the poor and needy of this community and again this year the similar project will be taken up. This campaign is to begin on Monday after the Homecoming gathering and Brother Peter expressed the fact that this year's drive will be greater than heretofore.

The money that is received for this activity is used to buy toys, candies and other Christmas objects to make the children happy. Boys who have seen the distributing of these toys in past years say that they have never seen such happy children than those who received the few trinkets. Last year 600 children of poor families came in from all over the country to see Santa Claus and what he had for them. Brother Peter also said he expected a larger number this year.

Classes will compete against each other to try to have the largest number of donations to its credit.
